

# Training for patient networks

## Making the Patient Network and PPGs more effective

NHS Bradford City, Bradford Districts and Airedale, Wharfedale and Craven Clinical Commissioning Groups (CCGs) are committed to developing high quality services that meet the needs of our local population. We are working in partnership with Community Action Bradford and District (CABAD) to provide training to our Patient Network and PPGs to help them become more effective so that they can help to develop quality services.

### The training will be on the following 5 topics:

1. PPGs – What they’re all about
2. NHS – Your local NHS – current setup and a brief history
3. Community
4. Co production / Engagement
5. Social Media

The 1<sup>st</sup> topic will give practical tips on what makes a good patient group and how to get the best out of your group.

The 2<sup>nd</sup> topic will inform you about the current setup of your local NHS in Bradford, such as, Primary Care Homes, Care Navigation, Self-care and the line of command for the CCGs.

### Who’s it for:

- City, Districts and AWC CCG patient network members
- Patient Participation Group (PPG) members and people interested in joining a patient group
- Practice staff working with patient groups or with a remit for engagement (5 max per topic)

	<b>PPGs – What they’re all about</b>	<b>NHS – Your local NHS - current setup</b>
