8	3CCGs	Medicines Optimisation / Management teams (Claire Kilburn & Tracy Gaston on behalf of the 3CCGs)	3CCGs	Jly 2018	Acceptance approved 15.11.18	Additional capacity to existing service by specialist stoma nurses. Patient level reviews of stoma care products.	Full value £24,576 pa although this value will be offset by Salts claiming appliance use reviews (AUR) so actual value much smaller than this. If each nurse did 4 new home visits per day for example the value would be reduced to approx. £3,720 pa 5 new visits a day would remove any financial sponsorship (subsequent visits cannot claim an AUR).	Salts Healthcare (current service spec for existing service is held by ANHSFT and BHTH although additional capacity has been arranged by the CCGs Medicines Management/ Medicines Optimisation Teams)	None	Accepted	Accepted as Salts were approached by the CCGs to undertake this additional work. Benefits include more patients receiving an annual review, improved stoma care and usage and expenditure on these items are expected to reduce for the CCGs.	Christina Holloway, Deputy Director of Quality & Nursing
